THE GOOD AND THE BEAUTIFUL ELECTIVE

GRADES 3–8

MUSIC

Appreciation

1

About This Course

For Students

In this course you will be exploring the wonderful world of music through interactive video lessons, beautifully illustrated living stories, and a variety of fun activities.

How to Use This Course

This course is student led, which means you will be able to complete the lessons independently using the video lessons and Student Book. Nothing other than basic school supplies such as pencils, crayons, or colored pencils are needed. Just play the video lesson each day and complete the activities as directed. Complete the lessons in the order they appear in your Student Book. Some lessons will be music appreciation lessons, and some will be hymn lessons.

As you prepare to complete your lessons, follow the steps outlined below:

1. Open your Student Book to the correct lesson.
2. Access the lesson video on the Good and Beautiful Homeschool app, which can be downloaded by scanning the QR code to the right or by visiting goodandbeautiful.com/apps. On the Good and Beautiful Homeschool app, go to Homeschool App > Electives > Music > Music Appreciation 1. Alternatively, the lesson videos can be found by going to goodandbeautiful.com/music-appreciation.
3. Use the three-digit access code listed in the instructions at the beginning of each lesson to gain access to the lesson video. Press play and follow the instructions in the video lesson.
4. Enjoy learning!

Some lessons include a narrated living story. If so, the lesson video will instruct you to turn to the living story in the Student Book and follow along with the pictures. There will be a chime sound that tells you when to move to the next picture. Three chimes will play at the end of the story. Follow the video instruction to complete the activities in your Student Book. Make sure you complete each activity before the answer key displays on the screen. If you need more time to complete an activity, just press pause while you finish and press play when you are ready to check your answers.

For Parents

This course, which consists of 22 lessons, is designed to be student led and can be completed independently by your child. However, you are always welcome to enjoy watching the videos and learning right alongside your child if you so desire!

How to Use This Course

The following components are needed to complete the course:

1. Video Lessons: Lessons can be accessed on the Good and Beautiful Homeschool app with the three-digit codes listed in the instructions at the beginning of each lesson. Alternatively, the lesson videos can be accessed by going to goodandbeautiful.com/music-appreciation.
2. Student Book: This book includes the text and illustrations for living stories as well as the student activities.

Set your child up for success by ensuring they understand how to complete the lessons and activities. To complete each lesson, your student should open their Student Book to the correct lesson and play the video on the Good and Beautiful Homeschool app using the unique three-digit code listed in the instructions at the beginning of each lesson. No other materials are needed other than basic school supplies such as pencils, crayons, or colored pencils.

The video will lead your child through the lesson and direct them when to follow along with the narrated living story and complete the Student Book activities.

Many activities have provided answer keys that will display on the screen. Ensure your student knows to complete the activity before the answer key is displayed.

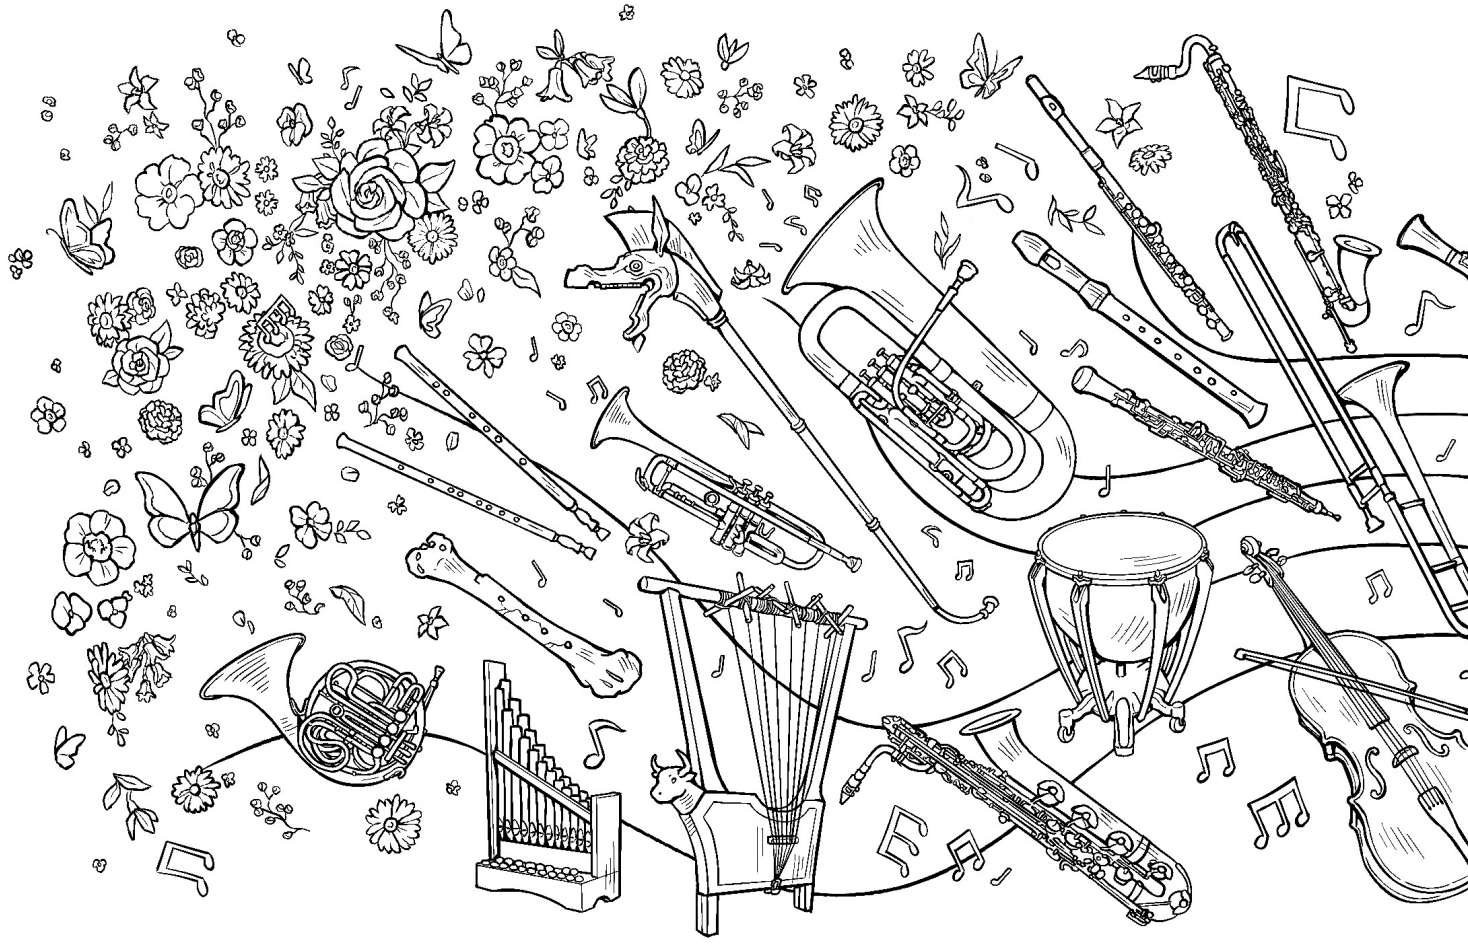

Some activities are "What Do You Think?" prompts and require individual responses, so there is no answer key. You may wish to read through your student's responses to these activities.
