ABOUT THIS COURSE

Course Overview

California State Study consists of 20 lessons designed to foster a true love of learning through engaging lessons and activities, visually rich maps and illustrations, and stories of the people and events that have shaped the state. The course is designed to be completed by the student independently, but parents/guardians can choose to be as involved in the lessons as they would like to be.

Lesson Overview

Most lessons will take 20–25 minutes to complete. To keep the student focused and engaged with the material, activities and knowledge checks appear on most pages.

Getting Started

Simply open the course book and begin reading. Each lesson begins with a supply list showing what is needed for that specific lesson. Most lessons require only basic school supplies such as pencils, colored pencils, and highlighters. A complete list of supplies needed for the course can be found on the following page. Students will read each lesson and complete the activities directly in the course book.

Christian Worldview

The Good and the Beautiful curriculum takes a Christian worldview. With input from people with diverse ethnic, racial, and religious backgrounds on both our staff and our review panels, this course is built on the common ground and basic biblical principles that apply to all Christians. Rather than focusing on doctrine, the curriculum teaches Christlike character and principles of liberty.
